SHIP WRECK; 156 KILLED

TERRIBLE STORM THROWS GENERAL CHANZY ON REEF AT NIGHT

WORST ACCIDENT IN 40 YEARS

Only One Man Survives the Disaster
—He Is Put In Hospital, Unable to Tell Story of the Wreck

Palma, Island of Majorica, Feb. 12.—Driven helplessly from her course in one of the wildest storms that has swept the Mediterranean Sea in forty years, the French Trans-Atlantic Steamship Company's steamer General Chanzy crashed at full speed, in the dead of night, on the treacherous reefs near the Island of Minorca and all but one of the 157 souls on board perished.

French Official the Sole Survivor

The sole survivor is an Algerian customs official, Marcel Rodet, who was rescued by a fisherman, and who lies tonight in the hospital at Ciudadela, raving, as a result of the tortures through which he has passed and unable to give an account of the disaster.

In the ship's company there were eighty-seven passengers, of whom thirty were in the first cabin. The crew numbered seventy. It is not thought any Americans were aboard the liner. The ship was in command of Capt. Cayol, one of the most careful officers of the line. In his long experience he had never before met with an accident.

Women and Children Among Missing
The passengers of the Chanzy were mostly French officers and officials returning to their posts in Algeria, accompanied by their wives and children, a few soldiers, some Italians and Turks and one Priest. The only Anglo-Saxon names on the passenger list were Green and Stakley. They were members of an opera troupe of eleven which had been engaged to sing at the Casino in Algiers.

The General Chanzy sailed from Marseilles Wednesday at noon and was due to arrive at Algiers Thursday afternoon.

Noted Singer On Board Ship
Among the victims was the celebrated Parisian music hall singer, Francis Dufor, as well as other prominent music hall favorites.

The General Chanzy struck at 9 o'clock Thursday night. Capt. Cayol, with all his experience had been unable to cope with the tempest of almost unprecedented violence. Other ships in the neighborhood had safely ridden out the storm, but the Chanzy fell a prey to the elements, was lifted off her course through the Balearic Archipelago and brought upon the coast of Minorca, in the vicinity of Ciudadela. Fishermen at daybreak picked up Rodet, clinging to a piece of wreckage.

SCHOOL LAND SALE

Lawton, Okla., Feb. 12.—In one hour and forty-five minutes today all of the traces of public school land offered were disposed of. Twenty-seven out of the twenty-nine originally scheduled for sale were offered. Two leases were withdrawn from sale, segregated for oil and gas purposes. The total sale price was \$64,660, or \$7,300 above appraisal.

FARMERS' INSTITUTE ELECTS

Pryor, Okla., Feb. 12.—The Farmer's Institute held an interesting meeting here and elected the following officers: J. L. Newcomer, president; S. H. Hayes, vice president; W. A. Graham, secretary and treasurer; T. Wyham Thompson, delegate to State meeting. Interesting talks were made on State agricultural work.

PLANT SEVERAL CROPS

Tahlequah, Okla., Feb. 12.—Prof. J. N. Clarke is quite a farmer. He owns two good farms of about 290 acres and will plant 120 acres of corn and eighty acres of cotton this season. An experiment will also be made with five acres of alfalfa. There have been four big plows going steadily this week on the Clarke farms getting this ground ready.

BAPTIST CHURCH ORGANIZED

Fitzhugh Now Has Another Place of Worship—Rev. Fowler of Ada Assisted.

A Missionary Baptist church was organized Thursday evening at Fitzhugh, Rev. W. J. Shipman being assisted by T. B. Harrell, Charles Stringer and O. E. Fowler. Rev. Harrell was moderator and Rev. Fowler clerk. The former mentioned minister preached an able sermon on the church and its purposes. The prayer was led by Rev. Stringer after which the church was duly organized with thirteen members. Articles of faith and the church covenant as laid down by Pendleton were adopted. The church arranged for supply until it could call a pastor. The members persisted in claiming Rev. Shipman as pastor even though he served them but one night during the week. This minister has done much for the newly organized church by inspiring the organization. A contribution of \$2.45 for associational missions was received.

YEAGER-STRAIN BILL IS KILLED

RUSSELL'S NEW JERUSALEM BILL
PRACTICALLY KILLED.

Bryan's Election Law Has Good
Chance to Pass Unless Jokers
Are Found.

Guthrie, Okla., Feb. 12.—While the senate was holding an uninteresting discussion of the fee and salary bill, the house defeated the Yeager-Strain senate bill prohibiting artificial gipping of gas; practically killed Senator Campbell Russell's New Jerusalem bill and received an election law from Milton Bryan of Pottawatomie county which the republican members regard as fair enough to receive votes unless jokers are found in it.

Wortman, of Claremore, made a fight for the Yeager-Strain bill, but without avail, members representing districts outside the gas fields feeling that the prohibiting of the use of pumps on natural gas fields pipe lines and limiting pressure to three hundred pounds, was certain to deprive their districts of natural gas, while the measure might not seriously interfere with piping gas to St. Louis and Kansas City because pumps could be used as soon as the gas crosses the line, and the Oklahoma gas fields are close to the Kansas line.

"You would prohibit us from using pumps to send the natural gas to Oklahoma towns and at the same time the Kansas Natural Gas company could use pumps at the state line to send this Oklahoma gas to St. Louis and Kansas City," said Bill Durant.

The public buildings committee of the house reported that the Campbell-Russell bill do not pass. A minority report signed by Walker, of Pauls Valley; Glover, of Chickasha; McIlhenny of McAlester, and Haynes of Tulsa, was also filed recommending that the bill pass. The majority report is signed by George Wilson, of Granite; Durant and Semple, of Durant; Tillotson, of Nowata; Gilmer, of Ardmore; Harrison, of Calvin; Dunn, of Oklahoma City, and Joe Smith, of Anadarko, which practically assures its acceptance by the house.

Marriage licenses were issued today to Robert Bushers, 29, of Burwell and Miss Bertha Head, 16, of Ada; to J. R. Ford, 20, of Ada, and Miss Minnie West, 19, of Ada.

WARM WEATHER FOR TOMORROW

GULF STATE ARE HIT BY SEVERE WEATHER.

Much Wind, Snow and Rain—North Part of the United States Experiencing the Zero Brand.

Weather forecast for Oklahoma: Fair, colder Saturday; Sunday fair, warmer.

RAIN AND SNOW IN SOUTH.
Louisville, Ky., Feb. 12.—The South today, from the Ohio to the Gulf, and from Texas to the Atlantic Coast, experienced a variety of weather.

At Tampa, Fla., a temperature of 64 degrees prevailed, north and west: Mobile is deluged with a rainfall of two inches, Northern Alabama and Northern Louisiana saw a light snow, while Memphis, Nashville, Chattanooga and Knoxville were given a generous covering by white flakes. High winds prevailed over parts of the Gulf states. The winds whipped up the Atlantic Coast as far north as the Carolinas at a rate of nearly thirty miles, making somewhat dangerous gales off Hatteras.

To the far North, Winnipeg reported a temperature of 18 degrees below zero, and it is near the zero mark in North Dakota, Iowa, New England states and in Northern Canada.

COLD STORAGE FIGURES.

Philadelphia Record: While the
housewives are being driven by the
high prices to boycott meat here is
what the Ice and Refrigeration Blue
Book says is being held in cold stor-
age:

Fourteen million cattle.
Six million calves.
Twenty-five million sheep and
lambs.

Fifty million hogs.
According to these figures from the
official guide book, circulated only
among the cold storage men, there is
in storage one entire animal for each
adult in the United States, with
enough whole animals left over to
give two to each family.

This meat is being held in 558 cold
storage plants. In addition it may in-
terest the worried housekeepers to
know that in seventy-eight fish freez-
ing plants in the country there are
fish waiting to be doled out that are
valued at \$25,000,000.

In other cold storage plants dur-
ing any year now, according to the
storage men's own statistics, the
struggling wage-earner will find:
One billion eight hundred million
eggs.

One hundred and thirty million
pounds of butter.

Fruit's valued at \$50,000,000.

Then, besides, there are millions of
pounds of potatoes, onions, thousands
of turtles, ells, cases of canned goods
and milk, butter and cheese valued
at \$100,000,000.

The total value of meat and food-
stuffs placed in cold storage during
a year at present is, according to the
figures of the storage concerns close
to three billion dollars.

"BIDDING" AT CHERRY.

A proposition, the result of which
will be watched with interest all over
the United States, has just been
made to the widows and other surviv-
ing relatives of the nearly three hun-
dred coal miners who were killed in

the Cherry, Illinois, mine explosion.
The proposition is made by the St.
Paul Coal company, the company of-
fering to pay a minimum of \$800 to
the relatives of the unmarried miners
and a maximum of \$1,200 to widows
of six or more children.

The company announces that it was
not guilty of criminal negligence and
the reason it makes the above propo-
sition is to avoid delay by futile litiga-
tion. The company also states that
its capital was but \$350,000 and that
it could not be held for more than
that amount.

In the last proposition—or sug-
gestion—he company admits that it
could be held liable for the amount
of its capital, while in the first propo-
sition it claims it can not be held
for criminal negligence and is mak-
ing the offer so as to avoid "futile
litigation."

In the face of these contradictory
statements we repeat that the re-
sults will be watched with interest
to see whether the widows and other
relatives accept a bid of \$1,200 and
\$800 on the dead bodies of their hus-
bands, sons and brothers.

A WELL PROTECTED NEWSPAPER

There are times at which a crack
rifle shot—printer combination might
come in mighty handy in a newspaper
office. In this respect the Sapulpa
American office is the best protected
one in the state, so far as can be
learned. The American has employed
Bill Berringer as foreman of its shop.
For a good many years Bill has been
shooting a rifle against all comers
in Oklahoma, and likewise setting
jobs and ads. When some one thinks
he can beat Bill shooting a rifle he's
got to do some showin', and a job has
to be right when it leaves a shop in
which he's workin'. The writer re-
alized all this several years ago when
Bill was on his pay roll.

To those people who haven't been
down town for a few days, we report
that the steam ditcher is now cut-
tin' up between 15th and 16th streets.
Believe we made a report similar to
this a few weeks ago.

In England they want to know
"who was the first cook?" Now with
all due respect to a certain cook and
his supporters, we hope those Eng-
lish people won't force the doctor
into this question.

If the mornings start in a little
colder we will be compelled to call
the attention of Mr. Groundhog to
his contract, entered in on the sec-
ond day of February.

The barber says many questions
arise in his shop, but he's never heard
one yet that the Chair Warmers' union
couldn't down.

Old man Weston says it doesn't
make him tired to walk. Maybe he
makes a lot of other people tired,
though.

GOVERNMENT TO AID.

Marseilles, Feb. 12.—The news of
the wreck of the General Chanzy
caused consternation in this city,
whence the vessel sailed Wednesday
for Algiers. Relatives and friends of
the passengers and crew rushed to
the steamship office imploring details
of the accident. Pathetic scenes were
enacted when they were informed
that with the exception of one pas-
senger all on board had perished.

The government is arranging to
assist the families of the crew, who
all were members of the merchant
marine.

TRAIN ROBBERS CAPTURED

Robbery of Missouri Pacific Train
Near Eureka, Mo., Partially
Cleared.

St. Louis, Mo., Feb. 12.—Following
his confession that he took part in
the robbery of a Missouri Pacific
train near Eureka, Mo., on the night
of January 21, George Ebelling plead-
ed guilty this afternoon to a charge
of robbing the mails. Ebelling was
arrested yesterday at Hot Springs,
Ark., by postoffice inspectors.

W. W. Lowe, who is implicated by
Ebelling's confession, his brother,
Jas. Lowe, and S. W. Emerson were
arrested here Wednesday. The arrest
of the four men was kept a secret
until Ebelling was brought here.

The Lowes and Emerson, when ar-
raigned before United States Com-
missioner Morsey, pleaded not guilty
to a charge of robbing the mails, and
were ordered held in \$20,000 bond
each until next Friday. Ebelling's
bond was fixed for the same amount.
Emerson declared he could prove he
was not outside of St. Louis on the
night of the robbery.

Ebelling, in his confession to Post-
office Inspector Dickson, said James
Lowe and Emerson had no part in
the hold-up and robbery. W. W. Lowe
according to the postoffice inspectors,
was in the train robbery at Blue Cut,
near Kansas City, in 1908. They said
he confessed his part and turned
state's evidence. The robbery near
Eureka, according to Ebelling, netted
The Missouri Pacific railroad Wed-
nesday announced the robbers ob-
tained \$155.

TO READJUST MAIL RATE PAY.

Every Pouch in West to Be Weighed
to Ascertain Average.

Chicago, Feb. 12.—The quadrennial
weighing of the mails by the postof-
fice department over the railroads west
of the Mississippi and Missouri riv-
ers, for the purpose of apportioning
the compensation which will be paid
for the transportation of mail matter
for four years from July 1, is sched-
uled to begin next Thursday. On that
day, and for a period of 105 days fol-
lowing, every pouch and sack of mail
on every train and at every postal
station will be weighed by govern-
ment clerks. On the average weight
thus ascertained the rate of pay re-
ceived by each road for the four-year
period will be based.

Floods Prevent Contract.

Los Angeles, Feb. 10.—January
floods, which put the Nevada divi-
sion of the Salt Lake railroad out of
business, have cost that system a
four years' contract with the govern-
ment for the transportation of trans-
continental mails. The estimated value
of this contract was \$130,000 annual-
ly.

Weighing of mails on the railroads
of the fourth contract section of the
United States will begin February 17.
As the Salt Lake road is not operat-
ing through trains between Los An-
geles and Salt Lake City there will be
no weighing on that line.

CRITICISE COLLEGE DEBATING.

Dishonesty in Proving Something Be-
lieved Wrong, Says Instructor.

Columbia, Mo., Feb. 12.—An at-
ack on inter-collegiate debating was made
by Dr. George Lefevre, professor of
zoology, at the opening convocation
of the second semester of the Uni-
versity of Missouri this morning.

"The practice of university debating
seems advocating first one side and
then the other of the questions, is
nothing but intellectual dishonesty
and is a dangerous practice," said Dr.
Lefevre. Dr. Lefevre's subject was
"Academic Ideals." He said the high-
est ideal of a university should be in-
tellectual honesty. "Modern college
debating is the most dangerous ten-
dency in the modern university," he
declared. It causes students to devote
their whole faculties and abilities to
advocate subjects they do not believe
in. It fosters a state of mind that any-
thing can be proved whether right or
wrong by the use of eloquence and
rhetoric. It is dangerous because it
is the practice of the demagogue to
procure something for himself that is
detrimental to the people of the com-
monwealth."

COL. W. D. SNOW DEAD.

Was Former U. S. Senator From
Arkansas.

New York, Feb. 12.—Col. W. D.
Snow, who was a United States sena-
tor from Arkansas a generation ago,
died at his home in Hackensack, N.
J., today. His wife died a month ago
and he never fully recovered from
the shock.

He was 78 years old, and was the
son of Josiah Snow, founder of the
Detroit Tribune, of which paper he
was an associate editor for several
years. Colonel Snow settled in Pine
Bluff, Ark., in 1860, and five years
after was elected a United States sena-
tor. He served as volunteer aid to
General Powell Clayton, and Major
General Steele during the civil war.

STATE BRIEFS

CAPTURES AND KILLS WILDCAT

Clinton, Okla., Feb. 12.—Just across
the line in Washita County near this
city lives William H. Dean, whose 12-
year-old son has the distinction of
catching the largest wildcat seen in
this part of the State. The boy caught
the cat in a steel trap and ended all
nine of its lives by a well directed
bullet from his 22 rifle. Slings the
cat over his shoulder he carried it to
school and displayed it to the chil-
dren of the neighborhood.

HEARING DATE FIXED

Guthrie, Okla., Feb. 12.—Upon mo-
tion of Attorney W. W. Griffin of
Holds, the Criminal Court of Appeals
set for hearing Wednesday next the
application for reduction of bail for
Mrs. Mary F. Sims, wife of the late
Sheriff of Harmon County. She is
held upon charge of assault with in-
tent to kill Bart Roberts, residing at
Holds, and the local court fixed the
bond at \$5,000, which is claimed to
be excessive.

OKLAHOMA DEATHS

Idabel, Okla., Feb. 12.—Last even-
ing while kindling fire with kerosene
Miss Bulah Callahan, the 16-year-old
daughter of J. H. Callahan of this
place, was fatally burned. Miss Calla-
han was pouring oil from the can
when the can exploded, throwing the
burning oil over her. She died at
about midnight.

Lawton, Okla., Feb. 12.—John Kin-
caid, a young farmer living near
Cache, Okla., was fatally injured to-
day in a runaway. After receiving the
injuries Kincaid walked home, believ-
ing he was not seriously hurt. While
in the act of moving about his house
he fell unconscious and never recover-
ed.

Muskogee, Okla., Feb. 12.—The bad-
ly mangled body of a middle-aged,
well-dressed man was found beside
the Verdigris bridge between here
and Wagoner today. He had been dead
for some hours and it is supposed
was run over and killed by a Katy
train during the night. There was
not a scrap of paper on the man's
clothing. The body, which has not
been identified, is being held at Wag-
oner.

26 OFFENDERS ARE STUCK AT COALGATE

BOOTLEGGERS CONVICTED IN
COAL COUNTY.

If They Didn't Plead Guilty the Jury
Convicted Them—Special Of-
ficer Brents Returns.

Special Officer T. E. Brents has re-
turned to the city from Coalgate af-
ter giving that city the most thor-
ough cleaning up it has had for a
long time.

Brents went to Coalgate on Janu-
ary 5 and for three days arrested
bootleggers right and left. Every-
body who was engaged in the booze
business was taken in and informa-
tion filed against him.

Twenty-Six Cases.
All told there were twenty-six of-
fenders and all who were tried before
a jury were convicted. The others
plead guilty and were given fines
ranging from \$100 and thirty days in
jail to \$500 and thirty days in jail.
The opinion around Coalgate now is
that the booze business is on the
bum and bond timber is scarce.

Crawled Under Floor.
There are several perjury cases in
the court at Stonewall and one of
these fellows who would swear false-
ly as readily as truthfully was in
the court room when Officer Brents
was filing an information against
him. He got wise and hiked. A search
was made for him and he was found
under a house! He was pulled out
and will soon be given what is com-
ing to him.

Mrs. Frank Word is reported as
recovering from a severe attack of
grip.

Mrs. T. W. Kennedy and mother,
Mrs. Robison, of Stonewall, were in
the city today the guests of Mrs. M.
C. Whitmore.

NORMAL BOYS LOSE BASKET BALL GAME

SORT O' A FRAME-UP PRACTICED
AT TECUMSEH.

Had a Pole Between the Goals and
When Ada Tried for a Goal
They'd Hit the Pole.

The East Central normal had an-
other blow landed against its basket
ball reputation last night when it
was defeated by the Indianola college
team at Tecumseh. Score 17 to 7.

It wasn't the girls' team—'twas the
boys' team.

The boys returned this morning
and told how the package was hand-
ed them. From their story it seems
that the Tecumseh boys framed up
again 'em. Several days ago they
went out in the woods and cut down
a tree. They cut off the limbs and
skinned off the bark, making it a
pole. Then they stood the pole up
half way between the goals and for
a week practiced throwing the ball
into the goals from all around the
pole, becoming so accustomed to the
pole's presence that they could slam
the ball into the socket as easily as
if the pole wasn't there. In other
words, they didn't pay any attention
to it. Pretty neat scheme, eh?

Now the Ada boys hadn't practi-
ced with a pole in the game and every
time the pole happened to be be-
tween them and the socket the ball
would hit the pole.

That's why they got beat.

When the Tecumseh boys play here
the normal team is going to plant
two or three trees between goals—or
play the game in the woods proper.

NOT A REAR ADMIRAL.

House Committee Would Give Peary
a Leather Medal.

Washington, Feb. 12.—A medal of
honor instead of promotion to rear
admiral for Commander Peary, the
discoverer of the North Pole, is pro-
posed by the sub-committee of the
house committee on naval affairs. The
sub-committee today unanimously
disapproved the bill passed by the
senate making Peary a rear admiral
and retiring him at once.

Industrial Institute Contract.

Chickasha, Okla., Feb. 12.—Contract was let yesterday to Banathan & Moore, contractors at Wilburton, Ok., for the erection of a building to be known as the Oklahoma Industrial Institute and College for Girls.

The college has so far been using part of the High school, which is now too small, owing to the large number of students coming in.

Bids were opened some time ago at Guthrie and the above named firm being the lowest bidders, which calls for \$93,550. Work is to start immediately.

ADA SOCIAL MOVEMENTS.

VALENTINE PARTY.

Mrs. E. C. Hunter's beautiful new home was opened to a large number of friends Friday afternoon. The Valentine thought prevailed in invitations and throughout the party. Valentine past cards bore the invitations.

The house was decorated profusely in cut flowers, red and white, and hearts and cupid's galore. From behind a bank of palms came strains from the orchestra.

When the draw was taken between Mrs. A. B. Blanks and Mrs. A. K. Thornton for the 42 prize, Mrs. Blanks was the fortunate recipient of a bunch of red and white carnations.

The refreshments were in keeping with the Valentine idea, cupid cream and cake being served.

The guest of honor was Mrs. Hunter's sister, Mrs. V. H. Felder of Denison.

Mrs. I. M. King and Mrs. R. W. Simpson assisted in receiving and entertaining.

This party was pronounced one of the prettiest ever given in Ada, and the guests entertain the desire that they may again be invited to this beautiful home, "Tarry-a-While."

WITH MRS. W. S. CREVELING.

Mrs. W. S. Creveling was the gracious hostess to 40 guests Thursday

afternoon from 3 to 5 at her home on South Broadway.

The house was tastefully decorated, the cut flowers being carnations.

Mrs. J. M. Wintersmith, with her guest, Miss Brown of Louisville, were in the receiving line.

42 was the amusement for an hour Miss Louise Hardin acting as puncher.

Mesdames J. M. Wintersmith, E. W. Hardin and Will Hart assisted in serving a dainty two-course luncheon.

The departing guests praised the hostess for making the party such a pleasant occasion.

42 CLUB ENTERTAINMENT.

The 42 club was entertained Friday evening by Mrs. A. K. Thornton. The guests invited to meet with the club were: Mr. and Mrs. John Beard, Mr. and Mrs. G. L. Kice, Mr. and Mrs. Will Hart, Mr. and Mrs. C. Rodarmel, Dr. and Mrs. LeFevre and Miss Sims. A most delicious salad course, pressed chicken, sandwiches and potato chips were served.

The members of the 500 Club report a very enjoyable meeting Thursday afternoon when Mrs. Adam L. Beck was their hostess.

Mrs. W. H. Ebey entertained the Kill Kare Thursday afternoon.

MURDER IN A SANITARIUM!

Tent House Blown Up; May Have Been Premeditated.

Santa Rosa, Cal., Feb. 12.—Believing that murder was attempted at Dr. Willard P. Burke's sanitarium near here last Saturday night when a tent house occupied by Mrs. Luella Smith and her infant son was blown up by Dynamite, District Attorney C. F. Lea has begun an investigation and secured information, it was announced last night, that shortly will be presented to the grand jury. The theory of attempted suicide has been discarded.

The explosion occurred at 9:30 o'clock. The child was sleeping on a cot on the opposite side of the tent from its mother and escaped injury. Mrs. Smith was seriously hurt, but has a chance to recover. It was ascertained yesterday that prior to the explosion one of the floor boards had been loosened and a part of the tent ripped away from the tacks that held it to the floor. Three feet of fuse, it was seen from its ashes, was used to fire the dynamite. Several attendants are said to have left the sanitarium since Saturday night. No arrests have yet been made.

SULPHUR AFTER TOURISTS.

Money Made in The Drug Business

There is no mercantile business that yields the large per cent of profits that are usually made in the Retail Drug Business and it is very seldom that the general public have an opportunity of investing in this Lucrative Business. I have therefore had my Drug Store Incorporated under the laws of the State of Oklahoma in order to allow some of my friends and customers an opportunity to share with me in the profits of my constantly increasing Drug Business. My stock and fixtures including Soda Fountain invoiced \$11,500.00 Jan. 1-10 and this is the amount I have incorporated for. There is no watered, stock we have the Stock and Fixtures to show for themselves. I have made the shares small, \$10.00 each, so that a greater number of my patrons could become Stock Holders and partners with me in the business, thereby enlarging my annual sales by their Loyalty and Influence which will be to our mutual benefit. "For in unity there is strength." With the present business outlook for the year I believe that my Stock Holders will be more than pleased with their investment as I expect this to be my banner year in business. My Drug Business has made me a net profit of more than 25 per cent on an average of the past four years and I expect by the co-operation of my Stock Holders to declare a larger dividend this year than 25 per cent.

For the next 10 days only I offer for Sale 200 Shares of my Capital stock at \$10.00 per share and will not allow anyone person to buy more than twenty shares, \$200.00 worth. Some of my Patrons especially among the farmers and perhaps others who might want to invest but haven't the Ready Cash will say that I will make satisfactory terms with them. I would like to interest some of my lady customers in becoming Stock Holders even if they only purchase one share and make small payments on same until paid for. The Business will be run under the same management as heretofore and I expect to hold about 75 per cent of the stock.

SHIP WRECK; 156 KILLED

TERRIBLE STORM THROWS GENERAL CHANEY ON REEF AT NIGHT

WORST ACCIDENT IN 40 YEARS

Only One Man Survives the Disaster—He Is Put in Hospital, Unable to Tell Story of the Wreck

Palma Island of Majorica, Feb. 12.—Driven helplessly from her course in one of the wildest storms that has swept the Mediterranean Sea in forty years the French Trans-Atlantic Steamship Company's steamer General Chanzy crashed at full speed in the dead of night on the treacherous reefs near the Island of Minorca and all but one of the 157 souls on board perished.

French Official the Sole Survivor
The sole survivor is an Algerian customs official, Marcel Rodet, who was rescued by a fisherman and who lies tonight in the hospital at Ciudadela, having as a result of the tortures through which he has passed and unable to give an account of the disaster.

In the ship's company there were eighty-seven passengers, of whom thirty were in the first cabin. The crew numbered seventy. It is not thought any Americans were aboard the liner. The ship was in command of Capt. Cayol, one of the most careful officers of the line. In his long experience he had never before met with an accident.

Women and Children Among Missing
The passengers of the Chanzy were mostly French officers and officials returning to their posts in Algeria, accompanied by their wives and children. A few soldiers, some Italians and Turks and one priest. The only Anglo-Saxon names on the passenger list were Green and Stakley. They were members of an opera troupe of eleven which had been engaged to sing at the Casino in Algiers.

The General Chanzy sailed from Marseilles Wednesday at noon and was due to arrive at Algiers Thursday afternoon.

Noted Singer on Board Ship
Among the victims was the celebrated Parisian music hall singer, Francis Dufor, as well as other prominent music hall favorites.
The General Chanzy struck at 9 o'clock Thursday night. Capt. Cayol, with all his experience had been unable to cope with the tempest of almost unprecedented violence. Other ships in the neighborhood had safely ridden out the storm but the Chanzy fell a prey to the elements was lifted off her course through the Balearic Archipelago and brought upon the coast of Minorca, in the vicinity of Ciudadela. Fishermen at daybreak picked up Rodet, clinging to a piece of wreckage.

The total sale price was \$64,660, or \$7,390 above appraisal.

FARMERS' INSTITUTE ELECTS

Fryor, Okla., Feb. 12.—The Farmers' Institute held an interesting meeting here and elected the following officers: J. L. Newcomer, president; S. H. Hayes, vice president; W. A. Graham, secretary and treasurer; T. Wyham Thompson, delegate to State meeting. Interesting talks were made on State agricultural work.

PLANT SEVERAL CROPS

Tahlequah, Okla., Feb. 12.—Prof. J. N. Clarke is quite a farmer. He owns two good farms of about 250 acres and will plant 120 acres of corn and eighty acres of cotton this season. An experiment will also be made with five acres of alfalfa. There have been four big plows going steadily this week on the Clarke farms getting the ground ready.

BAPTIST CHURCH ORGANIZED

Fitzhugh Now Has Another Place of Worship—Rev. Fowler of Ada Assisted.

A Missionary Baptist church was organized Thursday evening at Fitzhugh Rev. W. J. Shipman being assisted by T. B. Harrell, Charles Stringer and O. G. Fowler. Rev. Harrell was moderator and Rev. Fowler clerk. The former mentioned minister preached an able sermon on the church and its purposes. The prayer was led by Rev. Stringer after which the church was duly organized with thirteen members. Articles of faith and the church covenant as laid down by Pendleton were adopted. The church arranged for supply until it could call a pastor. The members persisted in claiming Rev. Shipman as pastor even though he served them but one night during the week. This minister has done much for the newly organized church by inspiring the organization. A contribution of \$2.45 for associational missions was received.

YEAGER-STRAIN BILL IS KILLED

RUSSELL'S NEW JERUSALEM BILL PRACTICALLY KILLED.

Bryan's Election Law Has Good Chance to Pass Unless Jokers Are Found.

Guthrie, Okla., Feb. 12.—While the senate was holding an uninteresting discussion of the fee and salary bill, the house defeated the Yeager-Strain senate bill prohibiting artificial piping of gas, practically killed Senator Campbell Russell's New Jerusalem bill and received an election law from Wilton Bryan of Pottawatomie county which the republican members regard as fair enough to receive votes unless jokers are found in it.

Wortman, of Claremore, made a fight for the Yeager-Strain bill, but without avail. Members representing districts outside the gas fields feeling that the prohibiting of the use of pumps on natural gas fields pipe lines and limiting pressure to three hundred pounds, was certain to deprive their districts of natural gas, while the measure might not seriously interfere with piping gas to St. Louis and Kansas City because pumps could be used as soon as the gas crosses the line, and the Oklahoma gas fields are close to the Kansas line.

"You would prohibit us from using pumps to send the natural gas to Oklahoma towns and at the same time the Kansas Central Gas company could use pumps at the state line to send this Oklahoma gas to St. Louis and Kansas City," said Bill Durant.

The public buildings committee of the house reported that the Campbell-Russell bill do not pass. A minority report signed by Walker, of Pauls Valley, Glover, of Chickasha; McIlhenny of McAlester, and Haynes of Tulsa, was also filed recommending that the bill pass. The majority report is signed by George Wilson, of Granite, Durant and Sempie, of Durant; Thilston, of Nowata, Gilmer, of Ardmore; Harrison, of Calvin, Dunn, of Oklahoma City, and Joe Smith, of Anadarko, which practically assures its acceptance by the house.

Marriage licenses were issued today to Robert Bushers, 29, of Burwell, and Miss Bertha Head, 16, of Ada, to J. R. Ford, 20, of Ada, and Miss Minnie West, 19, of Ada.

RAIN AND SNOW IN SOUTH.
Louisville, Ky., Feb. 12.—The South today, from the Ohio to the Gulf, and from Texas to the Atlantic Coast, experienced a variety of weather.

At Tampa, Fla., a temperature of 64 degrees prevailed north and west. Mobile is deluged with a rainfall of two inches. Northern Alabama and Northern Louisiana saw a light snow while Memphis, Nashville, Chattanooga and Knoxville were given a generous covering by white flakes. High winds prevailed over parts of the Gulf states. The winds whipped up the Atlantic Coast as far north as the Carolinas at a rate of nearly thirty miles, making somewhat dangerous gales off Honduras.

To the far North, Winnipeg reported a temperature of 18 degrees below zero, and it is near the zero mark in North Dakota, Iowa, New England states and in Northern Canada.

COLD STORAGE FIGURES.

Philadelphia Record: While the
housewives are being driven by the
high prices to boycott meat here is
what the Ice and Refrigeration Blue
Book says is being held in cold stor-
age:

Fourteen million cattle.
Six million calves.
Twenty-five million sheep and
lambs.

Fifty million hogs.
According to these figures from the
official guide book, circulated only
among the cold storage men, there is
in storage one entire animal for each
adult in the United States, with
enough whole animals left over to
give two to each family.

This meat is being held in 558 cold
storage plants. In addition it may in-
terest the worried housekeepers to
know that in seventy-eight fish freez-
ing plants in the country there are
fish waiting to be doled out that are
valued at \$25,000,000.

In other cold storage plants dur-
ing any year now, according to the
storage men's own statistics, the
struggling wage-earner will find:

One billion eight hundred million
eggs.
One hundred and thirty million
pounds of butter.

Fruits valued at \$50,000,000.
Then, besides, there are millions of
pounds of potatoes, onions, thousands
of turnips, ellis, cases of canned goods
and milk, butter and cheese valued
at \$100,000,000.

The total value of meat and food-
stuffs placed in cold storage during
a year at present is, according to the
figures of the storage concerns close
to three billion dollars.

"BEDDING" AT CHERRY.

A proposition, the result of which
will be watched with interest all over
the United States, has just been
made to the widows and other surviv-
ing relatives of the nearly three hun-
dred coal miners who were killed in

the Cherry, Illinois, mine explosion.
The proposition is made by the St.
Paul Coal company, the company of-
fering to pay a minimum of \$800 to
the relatives of the unmarried miners
and a maximum of \$1,200 to widows
of six or more children.

The company announces that it was
not guilty of criminal negligence and
the reason it makes the above propo-
sition is to avoid delay by further lit-
igation. The company also states that
its capital was but \$350,000 and that
it could not be held for more than
that amount.

In the last proposition—or sug-
gestion—the company admits that it
could be held liable for the amount
of its capital, while in the first propo-
sition it claims it can not be held
for criminal negligence and is mak-
ing the offer so as to avoid "futile
litigation."

In the face of these contradictory
statements we repeat that the re-
sults will be watched with interest
to see whether the widows and other
relatives accept a bid of \$1,200 and
\$800 on the dead bodies of their hus-
bands, sons and brothers.

A WELL PROTECTED NEWSPAPER

There are times at which a crack
rifle shot—printer combination might
come in mighty handy in a newspaper
office. In this respect the Sapulpa
American office is the best protected
one in the state, so far as can be
learned. The American has employed
Bill Berringer as foreman of its shop.
For a good many years Bill has been
shooting a rifle against all comers
in Oklahoma, and likewise setting
jobs and ads. When some one thinks
he can beat Bill shooting a rifle he's
got to do some showin', and a job has
to be right when it leaves a shop in
which he's workin'. The writer re-
alized all this several years ago when
Bill was on his pay roll.

To those people who haven't been
down town for a few days, we report
that the steam ditcher is now cut-
tin' up between 15th and 16th streets.
Believe we made a report similar to
this a few weeks ago.

In England they want to know
who was the first cook? Now with
all the fussing to a certain cook and
his supporters, we hope those Eng-
lish people won't force the doctor
into this question.

If the mornings start in a little
colder we will be compelled to call
the attention of Mr. Groundhog to
his contract, entered into on the sec-
ond day of February.

The barber says many questions
arise in his shop, but he's never heard
one yet that the Chair Warmers' union
couldn't down.

Old man Weston says it doesn't
make him tired to walk. Maybe he
makes a lot of other people tired,
though.

GOVERNMENT TO AID.

Marselles, Feb. 12.—The news of
the wreck of the General Chanzy
caused consternation in this city,
whence the vessel sailed Wednesday
for Algiers. Relatives and friends of
the passengers and crew rushed to
the steamship office imploring details
of the accident. Pathetic scenes were
enacted when they were informed
that with the exception of one pas-
senger all on board had perished.

The government is arranging to
assist the families of the crew, who
all were members of the merchant
marine.

TRAIN ROBBERS CAPTURED

Robbery of Missouri Pacific Train
Near Bureka, Mo., Partially
Cleared.

St. Louis, Mo., Feb. 12.—Following
his confession that he took part in
the robbery of a Missouri Pacific
train near Bureka, Mo., on the night
of January 21, George Ebelling plead-
ed guilty this afternoon to a charge
of robbing the mails. Ebelling was
arrested yesterday at Hot Springs,
Ark., by postoffice inspectors.

W. W. Lowe, who is implicated by
Ebelling's confession, his brother,
Jas. Lowe, and S. W. Emerson were
arrested here Wednesday. The arrest
of the four men was kept a secret
until Ebelling was brought here.

The Lowes and Emerson, when ar-
raigned before United States Com-
missioner Morsey, pleaded not guilty
to a charge of robbing the mails, and
were ordered held in \$20,000 bond
each until next Friday. Ebelling's
bond was fixed for the same amount.
Emerson declared he could prove he
was not outside of St. Louis on the
night of the robbery.

Ebelling, in his confession to Post-
office Inspector (Dickson), said James
Lowe and Emerson had no part in
the hold-up and robbery. W. W. Lowe
according to the postoffice inspectors,
was in the train robbery at Blue Cut,
near Kansas City, in 1903. They said
he confessed his part and turned
state's evidence. The robbery near
Bureka, according to Ebelling, netted
The Missouri Pacific railroad Wed-
nesday announced the robbers ob-
tained \$155.

TO READJUST MAIL RATE PAY.
Every Pouch in West to Be Weighed
to Ascertain Average.

Chicago, Feb. 12.—The quadrennial
weighing of the mails by the postof-
fice department over the railroads west
of the Mississippi and Missouri riv-
ers, for the purpose of apportioning
the compensation which will be paid
for the transportation of mail matter
for four years from July 1, is sched-
uled to begin next Thursday. On that
day, and for a period of ten days fol-
lowing, every pouch and sack of mail
on every train and at every postal
station will be weighed by govern-
ment clerks. On the average weight
thus ascertained the rate of pay re-
ceived by each road for the four-year
period will be based.

Floods Prevent Contract.

Los Angeles, Feb. 10.—January
floods, which put the Nevada divi-
sion of the Salt Lake railroad out of
business, have cost that system a
four years' contract with the govern-
ment for the transportation of trans-
continental mails. The estimated value
of this contract was \$130,000 annual-
ly.

Weighing of mails on the railroads
of the fourth contract section of the
United States will begin February 17.
As the Salt Lake road is not operat-
ing through trains between Los An-
geles and Salt Lake City there will be
no weighing on that line.

CRITICISE COLLEGE DEBATING.

Dishonesty in Proving Something Be-
lieved Wrong, Says Instructor.

Columbia, Mo., Feb. 12.—An attack
on inter-collegiate debating was made
by Dr. George Lefevre, professor of
zoology, at the opening convocation
of the second semester of the Uni-
versity of Missouri this morning.

"The practice of university debating
aims advocating first one side and
then the other of the questions, is
nothing but intellectual dishonesty
and is a dangerous practice," said Dr.
Lefevre. Dr. Lefevre's subject was
"Academic Ideals." He said the high-
est ideal of a university should be in-
tellectual honesty. "Modern college
debating is the most dangerous ten-
dency in the modern university," he
declared. It causes students to devote
their whole faculties and abilities to
advocate subjects they do not believe
in. It fosters a state of mind that any-
thing can be proved whether right or
wrong by the use of eloquence and
rhetoric. It is dangerous because it
is the practice of the demagogue to
procure something for himself that is
detrimental to the people of the com-
monwealth."

COL. W. D. SNOW DEAD.

Was Former U. S. Senator From
Arkansas.

New York, Feb. 12.—Col. W. D.
Snow, who was a United States sen-
ator from Arkansas a generation ago,
died at his home in Hackensack, N.
J., today. His wife died a month ago
and he never fully recovered from
the shock.

He was 78 years old, and was the
son of Josiah Snow, founder of the
Detroit Tribune, of which paper he
was an associate editor for several
years. Colonel Snow settled in Pine
Bluff, Ark., in 1860, and five years
after was elected a United States sen-
ator. He served as volunteer aid to
General Powell Clayton, and Major
General Steele during the civil war.

STATE BRIEFS

CAPTURES AND KILLS WILDCAT
Clinton, Okla., Feb. 12.—Just across
the line in Washita County near this
city lives William R. Dean, whose 12-
year-old son has the distinction of
catching the largest wildcat seen in
this part of the state. The boy caught
the cat in a steel trap and ended all
nine of its lives by a well directed
bullet from his 22 rifle. Slings the
cat over his shoulder he carried it to
school and displayed it to the chil-
dren of the neighborhood.

HEARING DATE FIXED

Guthrie, Okla., Feb. 12.—Upon mo-
tion of Attorney W. W. Griffin of
Holds, the Criminal Court of Appeals
set for hearing Wednesday next the
application for reduction of bail for
Mrs. Mary E. Sims, wife of the late
Sheriff of Harmon County. She is
held upon charge of assault with in-
tent to kill Bart Roberts, residing at
Holds, and the local court fixed the
bond at \$5,000, which is claimed to
be excessive.

OKLAHOMA DEATHS

Idabel, Okla., Feb. 12.—Last even-
ing while kindling fire with kerosene
Miss Bulah Callahan, the 16-year-old
daughter of J. H. Callahan of this
place, was fatally burned. Miss Calla-
han was pouring oil from the can
when the can exploded, throwing the
burning oil over her. She died at
about midnight.

Lawton, Okla., Feb. 12.—John Kin-
caid, a young farmer living near
Cache, Okla., was fatally injured to-
day in a runaway. After receiving the
injuries Kincaid walked home, believ-
ing he was not seriously hurt. While
in the act of moving about his house
he fell unconscious and never recover-
ed.

Muskogee, Okla., Feb. 12.—The bad-
ly mangled body of a middle-aged,
well-dressed man was found beside
the Verdigris bridge between here
and Wagoner today. He had been dead
for some hours and it is supposed
was run over and killed by a train
during the night. There was
not a scrap of paper on the man's
clothing. The body, which has not
been identified, is being held at Wag-
oner.

26 OFFENDERS ARE STUCK AT COALGATE

BOOTLEGGERS CONVICTED IN COAL COUNTY.

If They Didn't Plead Guilty the Jury Convicted Them—Special Officer Brents Returns.

Special Officer T. E. Brents has returned to the city from Coalgate after giving that city the most thorough cleaning up it has had for a long time.

Brents went to Coalgate on January 5 and for three days arrested bootleggers right and left. Everybody who was engaged in the booze business was taken in and information filed against him.

Twenty-Six Cases. All told there were twenty-six offenders and all who were tried before a jury were convicted. The others pleaded guilty and were given fines ranging from \$100 and thirty days in jail to \$500 and thirty days in jail. The opinion around Coalgate now is that the booze business is on the bum and bond timber is scarce.

Crawled Under Floor. There are several perjury cases in the court at Stonewall and one of these fellows who would swear falsely as readily as truthfully was in the court room when Officer Brents was filing an information against him. He got wise and hiked. A search was made for him and he was found under a house. He was pulled out and will soon be given what is coming to him.

Mrs. Frank Word is reported as recovering from a severe attack of grip.

NORMAL BOYS LOSE BASKET BALL GAME

SOFT OF A FRAME-UP PRACTICED AT TECUMSEH.

Had a Pole Between the Goals and When Ada Tried for a Goal They'd Hit the Pole.

The East Central normal had another blow landed against its basketball reputation last night when it was defeated by the Indianola college team at Tecumseh. Score 17 to 7.

It wasn't the girls' team—twas the boys' team.

The boys returned this morning and told how the package was handed them. From their story it seems that the Tecumseh boys framed up again 'em. Several days ago they went out in the woods and cut down a tree. They cut off the limbs and skinned off the bark, making it a pole. Then they stood the pole up half way between the goals and for a week practiced throwing the ball into the goals from all around the pole, becoming so accustomed to the pole's presence that they could slam the ball into the socket as easily as if the pole wasn't there. In other words, they didn't pay any attention to it. Pretty neat scheme eh?

Now the Ada boys hadn't practiced with a pole in the game and every time the pole happened to be between them and the socket the ball would hit the pole.

That's why they got beat. When the Tecumseh boys play here the normal team is going to plant two or three trees between goals—or play the game in the woods proper.

NOT A REAR ADMIRAL. House Committee Would Give Peary a Leather Medal.

Washington, Feb. 12.—A medal of honor instead of promotion to rear admiral for Commander Peary, the discoverer of the North Pole is proposed by the sub-committee of the house committee on naval affairs. The sub-committee today unanimously disapproved the bill passed by the senate making Peary a rear admiral and retiring him at once.

VALENTINE PARTY

Mrs E C Hunter's beautiful new home was opened to a large number of friends Friday afternoon. The Valentine thought prevailed in invitations and throughout the party. Valentine past cards bore the invitations.
The house was decorated profusely in cut flowers red and white and hearts and cupid's galore. From behind a bank of palms came strains from the orchestra.
When the draw was taken between Mrs A B Blanks and Mrs A K Thornton for the 42 prize, Mrs Blanks was the fortunate recipient of a bunch of red and white carnations.
The refreshments were in keeping with the Valentine idea, cupid cream and cake being served.
The guest of honor was Mrs Hunter's sister, Mrs V H Felder of Denison.
Mrs I M King and Mrs R W Simpson assisted in receiving and entertaining.
This party was pronounced one of the prettiest ever given in Ada, and the guests entertain the desire that they may again be invited to this beautiful home Tarry-a-White.

WITH MRS W S CREVELING
Mrs W S Creveling was the gracious hostess to 40 guests Thursday

at her home on South Broadway.
The house was tastefully decorated, the cut flowers being carnations.
Mrs J M Wintersmith, with her guest, Miss Brown of Louisville, were in the receiving line.

MURDER IN A SANITARIUM?
Test House Blown Up: May Have Been Premeditated.
Santa Rosa, Cal., Feb 12—Believing that murder was attempted at Dr Willard P Burke's sanitarium near here last Saturday night when a tent house occupied by Mrs Luella Smith and her infant son was blown up by dynamite, District Attorney C F Lea has begun an investigation and secured information it was announced last night, that shortly will be presented to the grand jury. The theory of attempted suicide has been discarded.
The explosion occurred at 9 30 o'clock. The child was sleeping on a cot on the opposite side of the tent from its mother and escaped injury. Mrs Smith was seriously hurt, but has a chance to recover. It was ascertained yesterday that prior to the explosion one of the floor boards had been loosened and a part of the tent ripped away from the tacks that held it to the floor. Three feet of fuse it was seen from its ashes, was used to fire the dynamite. Several at enaunts are said to have left the sanitarium since Saturday night. No arrests have yet been made.

Money Made in The Drug Business

There is no mercantile business that yields the large per cent of profits that are usually made in the Retail Drug Business and it is very seldom that the general public have an opportunity of investing in this Lucrative Business. I have therefore had my Drug Store Incorporated under the laws of the State of Oklahoma in order to allow some of my friends and customers an opportunity to share with me in the profits of my constantly increasing Drug Business. My stock and fixtures including Soda Fountain invoiced \$11,500.00 Jan 1-10 and this is the amount I have incorporated for. There is no watered, stock we have the Stock and Fixtures to show for themselves. I have made the shares small, \$10.00 each, so that a greater number of my patrons could become Stock Holders and partners with me in the business, thereby enlarging my annual sales by their Loyalty and Influence which will be to our mutual benefit. "For in unity there is strength." With the present business outlook for the year I believe that my Stock Holders will be more than pleased with their investment as I expect this to be my banner year in business. My Drug Business has made me a net profit of more than 25 per cent on an average of the past four years and I expect by the co-operation of my Stock Holders to declare a larger dividend this year than 25 per cent.

For the next 10 days only I offer for Sale 200 Shares of my Capital stock at \$10.00 per share and will not allow anyone person to buy more than twenty shares, \$200.00 worth. Some of my Patrons especially among the farmers and perhaps others who might want to invest but haven't the Ready Cash will say that I will make satisfactory terms with them. I would like to interest some of my lady customers in becoming Stock Holders even if they only purchase one share and make small payments of same until paid for. The Business will be run under the same management as heretofore and I expect to hold about 75 per cent of the stock.

SHIP WRECK; 156 KILLED

TERRIBLE STORM THROWS GENERAL CHANZY ON REEF AT NIGHT

WORST ACCIDENT IN 40 YEARS

Only One Man Survives the Disaster—He Is Put in Hospital, Unable to Tell Story of the Wreck

Palma Island of Majorica, Feb. 12.—Driven helplessly from her course in one of the wildest storms that has swept the Mediterranean Sea in forty years the French Trans-Atlantic Steamship Company's steamer General Chanzy crashed at full speed in the dead of night on the treacherous reefs near the Island of Minorca and all but one of the 157 souls on board perished.

French Official the Sole Survivor
The sole survivor is an Algerian customs official, Marcel Rodet, who was rescued by a fisherman and who lies tonight in the hospital at Ciudadela, having as a result of the tortures through which he has passed and unable to give an account of the disaster.

In the ship's company there were eighty-seven passengers, of whom thirty were in the first cabin. The crew numbered seventy. It is not thought any Americans were aboard the liner. The ship was in command of Capt. Cayol, one of the most careful officers of the line in his long experience he had never before met with an accident.

Women and Children Among Missing
The passengers of the Chanzy were mostly French officers and officials returning to their posts in Algeria, accompanied by their wives and children, a few soldiers, some Italians and Turks and one priest. The only Anglo-Saxon names on the passenger list were Green and Stakley. They were members of an opera troupe of eleven which had been engaged to sing at the Casino in Algiers.

The General Chanzy sailed from Marseilles Wednesday at noon and was due to arrive at Algiers Thursday afternoon.

Noted Singer On Board Ship
Among the victims was the celebrated Parisian music hall singer, Francis Dufor, as well as other prominent music hall favorites.

The General Chanzy struck at 9 o'clock Thursday night. Capt. Cayol, with all his experience had been unable to cope with the tempest of almost unprecedented violence. Other ships in the neighborhood had safely ridden out the storm but the Chanzy fell a prey to the elements was lifted off her course through the Balearic Archipelago and brought upon the coast of Minorca, in the vicinity of Ciudadela. Fishermen at daybreak picked up Rodet, clinging to a piece of wreckage.

Graham, secretary and treasurer; E. Wyham Thompson, delegate to State meeting. Interesting talks were made on State agricultural work.

PLANT SEVERAL CROPS

Tahlequah, Okla., Feb. 12.—Prof. J. N. Clarke is quite a farmer. He owns two good farms of about 250 acres and will plant 120 acres of corn and eighty acres of cotton this season. An experiment will also be made with five acres of alfalfa. There have been four big plows going steadily this week on the Clarke farms getting this ground ready.

BAPTIST CHURCH ORGANIZED

Fitzhugh Now Has Another Place of Worship—Rev. Fowler of Ada Assisted.

A Missionary Baptist church was organized Thursday evening at Fitzhugh Rev. W. J. Shipman being assisted by T. B. Harrell, Charles Stringer and O. E. Fowler. Rev. Harrell was moderator and Rev. Fowler clerk. The former mentioned minister preached an able sermon on the church and its purposes. The prayer was led by Rev. Stringer after which the church was duly organized with thirteen members. Articles of faith and the church covenant as laid down by Pendleton were adopted. The church arranged for supply until it could call a pastor. The members persisted in claiming Rev. Shipman as pastor even though he served them but one night during the week. This minister has done much for the newly organized church by inspiring the organization. A contribution of \$2.45 for association missions was received.

YEAGER-STRAIN BILL IS KILLED

RUSSELL'S NEW JERUSALEM BILL PRACTICALLY KILLED.

Bryan's Election Law Has Good Chance to Pass Unless Jokers Are Found.

Guthrie, Okla., Feb. 12.—While the senate was holding an uninteresting discussion of the fee and salary bill, the house defeated the Yeager-Strain senate bill prohibiting artificial gipping of gas, practically killed Senator Campbell Russell's New Jerusalem bill and received an election law from Milton Bryan of Pottawatomie county which the republican members regard as fair enough to receive votes unless jokers are found in it.

Wortman, of Claremore, made a fight for the Yeager-Strain bill, but without avail. Members representing districts outside the gas fields feeling that the prohibiting of the use of pumps on natural gas fields pipelines and limiting pressure to three hundred pounds, was certain to deprive their districts of natural gas, while the measure might not seriously interfere with piping gas to St. Louis and Kansas City because pumps could be used as soon as the gas crosses the line, and the Oklahoma gas fields are close to the Kansas line.

"You would prohibit us from using pumps to send the natural gas to Oklahoma towns and at the same time the Kansas (Natural) Gas company could use pumps at the state line to send this Oklahoma gas to St. Louis and Kansas City," said Bill Durant.

The public buildings committee of the house reported that the Campbell-Russell bill do not pass. A minority report signed by Walker, of Pauls Valley, Glover, of Chickasha; McIlhenny of McAlester, and Haynes of Tulsa, was also filed recommending that the bill pass. The majority report is signed by George Wilson, of Granite, Durant and Semple, of Durant; Tillotson, of Nowata, Gilmer, of Ardmore; Harrison, of Calvin, Dunn, of Oklahoma City, and Joe Smith, of Anadarko, which practically assures its acceptance by the house.

Marriage licenses were issued today to Robert Busbers, 28, of Burwell and Miss Bertha Head, 16, of Ada, to J. R. Ford, 20, of Ada, and Miss Minnie West, 19, of Ada.

At Tampa, Fla., a temperature of 64 degrees prevailed north and west. Mobile is deluged with a rainfall of two inches. Northern Alabama and Northern Louisiana saw a light snow while Memphis, Nashville, Chattanooga and Knoxville were given a generous covering by white flakes. High winds prevailed over parts of the Gulf states. The winds whipped up the Atlantic Coast as far north as the Carolinas at a rate of nearly thirty miles, making somewhat dangerous gales off Honduras.

To the far North, Winnipeg reported a temperature of 18 degrees below zero, and it is near the zero mark in North Dakota, Iowa, New England states and in Northern Canada.

COLD STORAGE FIGURES.

Philadelphia Record: While the
housewives are being driven by the
high prices to boycott meat here is
what the Ice and Refrigeration Blue
Book says is being held in cold stor-
age:

Fourteen million cattle.
Six million calves.
Twenty-five million sheep and
lambs.

Fifty million hogs.
According to these figures from the
official guide book, circulated only
among the cold storage men, there is
in storage one entire animal for each
adult in the United States, with
enough whole animals left over to
give two to each family.

This meat is being held in 558 cold
storage plants. In addition it may in-
terest the worried housekeepers to
know that in seventy-eight fish freez-
ing plants in the country there are
fish waiting to be doled out that are
valued at \$25,000,000.

In other cold storage plants dur-
ing any year now, according to the
storage men's own statistics, the
struggling wage-earner will find:
One billion eight hundred million
eggs.

One hundred and thirty million
pounds of butter.

Fruits valued at \$50,000,000.

Then, besides, there are millions of
pounds of potatoes, onions, thousands
of turtles, eels, cases of canned goods
and milk, butter and cheese valued
at \$100,000,000.

The total value of meat and food-
stuffs placed in cold storage during
a year at present is, according to the
figures of the storage concerns close
to three billion dollars.

"BIDDING" AT CHERRY.

A proposition, the result of which
will be watched with interest all over
the United States, has just been
made to the widows and other surviv-
ing relatives of the nearly three hun-
dred coal miners who were killed in

the Cherry, Illinois, mine explosion.
The proposition is made by the St.
Paul Coal company, the company of-
fering to pay a minimum of \$300 to
the relatives of the unmarried miners
and a maximum of \$1,200 to widows
of six or more children.

The company announces that it was
not guilty of criminal negligence and
the reason it makes the above propo-
sition is to avoid delay by futile lit-
igation. The company also states that
its capital was but \$350,000 and that
it could not be held for more than
that amount.

In the last proposition—or sug-
gestion—the company admits that it
could be held liable for the amount
of its capital, while in the first propo-
sition it claims it can not be held
for criminal negligence and is mak-
ing the offer so as to avoid "futile
litigation."

In the face of these contradictory
statements we repeat that the re-
sults will be watched with interest
to see whether the widows and other
relatives accept a bid of \$1,200 and
\$300 on the dead bodies of their hus-
bands, sons and brothers.

A WELL PROTECTED NEWSPAPER

There are times at which a crack
rifle shot—printer combination might
come in mighty handy in a newspaper
office. In this respect the Sapulpa
American office is the best protected
one in the state, so far as can be
learned. The American has employed
Bill Berringer as foreman of its shop.
For a good many years Bill has been
shooting a rifle against all comers
in Oklahoma, and likewise setting
jobs and ads. When some one thinks
he can beat Bill shooting a rifle he's
got to do some showin', and a job has
to be right when it leaves a shop in
which he's workin'. The writer realized
all this several years ago when
Bill was on his pay roll.

To those people who haven't been
down town for a few days, we report
that the steam ditcher is now cut-
tin' up between 15th and 16th streets.
Believe we made a report similar to
this a few weeks ago.

In England they want to know
"who was the first cook?" Now with
all this "passer by" business, and
his supporters, we hope those Eng-
lish people won't force the doctor
into this question.

If the mornings start in a little
colder we will be compelled to call
the attention of Mr. Groundhog to
his contract, entered into on the sec-
ond day of February.

The barber says many questions
arise in his shop, but he's never heard
one yet that the Chair Warmers' union
couldn't down.

Old man Weston says it doesn't
make him tired to walk. Maybe he
makes a lot of other people tired,
though.

GOVERNMENT TO AID.

Marshall, Feb. 12.—The news of
the wreck of the General Chanzy
caused consternation in this city,
whence the vessel sailed Wednesday
for Algiers. Relatives and friends of
the passengers and crew rushed to
the steamship office imploring details
of the accident. Pathetic scenes were
enacted when they were informed
that with the exception of one pas-
senger all on board had perished.

The government is arranging to
assist the families of the crew, who
all were members of the merchant
marine.

TRAIN ROBBERS CAPTURED

Robbery of Missouri Pacific Train
Near Eureka, Mo., Partially
Cleared.

St. Louis, Mo., Feb. 12.—Following
his confession that he took part in
the robbery of a Missouri Pacific
train near Eureka, Mo., on the night
of January 21, George Ebelling plead-
ed guilty this afternoon to a charge
of robbing the mails. Ebelling was
arrested yesterday at Hot Springs,
Ark., by postoffice inspectors.

W. W. Lowe, who is implicated by
Ebelling's confession, his brother,
Jas. Lowe, and S. W. Emerson were
arrested here Wednesday. The arrest
of the four men was kept a secret
until Ebelling was brought here.

The Lowes and Emerson, when ar-
raigned before United States Com-
missioner Morsey, pleaded not guilty
to a charge of robbing the mails, and
were ordered held in \$20,000 bond
each until next Friday. Ebelling's
bond was fixed for the same amount.
Emerson declared he could prove he
was not outside of St. Louis on the
night of the robbery.

Ebelling, in his confession to Post-
office Inspector (Dickson, said James
Lowe and Emerson had no part in
the hold-up and robbery. W. W. Lowe
according to the postoffice inspectors,
was in the train robbery at Blue Cut,
near Kansas City, in 1908. They said
he confessed his part and turned
state's evidence. The robbery near
Eureka, according to Ebelling, netted
the Missouri Pacific railroad Wed-
nesday announced the robbers ob-
tained \$155.

TO READJUST MAIL RATE PAY.

Every Pouch in West to Be Weighed
to Ascertain Average.

Chicago, Feb. 12.—The quadrennial
weighing of the mails by the postof-
fice department over the railroads west
of the Mississippi and Missouri riv-
ers, for the purpose of apportioning
the compensation which will be paid
for the transportation of mail matter
for four years from July 1, is sched-
uled to begin next Thursday. On that
day and for a period of 105 days fol-
lowing, every pouch and sack of mail
on every train and at every postal
station will be weighed by govern-
ment clerks. On the average weight
thus ascertained the rate of pay re-
ceived by each road for the four-year
period will be based.

Floods Prevent Contract.

Los Angeles, Feb. 10.—January
floods, which put the Nevada divi-
sion of the Salt Lake railroad out of
business, have cost that system a
four years' contract with the govern-
ment for the transportation of trans-
continental mails. The estimated value
of this contract was \$130,000 annual-
ly.

Weighing of mails on the railroads
of the fourth contract section of the
United States will begin February 17.
As the Salt Lake road is not operat-
ing through trains between Los An-
geles and Salt Lake City there will be
no weighing on that line.

CRITICISE COLLEGE DEBATING.

Dishonesty in Proving Something Be-
lieved Wrong, Says Instructor.

Columbia, Mo., Feb. 12.—An attack
on inter-collegiate debating was made
by Dr. George Lefevre, professor of
zoology, at the opening convocation
of the second semester of the Uni-
versity of Missouri this morning.

"The practice of university debating
eams advocating first one side and
then the other of the questions, is
nothing but intellectual dishonesty
and is a dangerous practice," said Dr.
Lefevre. Dr. Lefevre's subject was
"Academic Ideals." He said the high-
est ideal of a university should be in-
tellectual honesty. "Modern college
debating is the most dangerous ten-
dency in the modern university," he
declared. It causes students to devote
their whole faculties and abilities to
advocate subjects they do not believe
in. It fosters a state of mind that any-
thing can be proved whether right or
wrong by the use of eloquence and
rhetoric. It is dangerous because it
is the practice of the demagogue to
procure something for himself that is
detrimental to the people of the com-
monwealth."

COL. W. D. SNOW DEAD.

Was Former U. S. Senator From
Arkansas.

New York, Feb. 12.—Col. W. D.
Snow, who was a United States sen-
ator from Arkansas a generation ago,
died at his home in Hackensack, N.
J., today. His wife died a month ago
and he never fully recovered from
the shock.

He was 78 years old, and was the
son of Josiah Snow, founder of the
Detroit Tribune, of which paper he
was an associate editor for several
years. Colonel Snow settled in Pine

Clinton, Okla., Feb. 12.—Just across
the line in Washita County near this
city Hyes William H. Dean, whose 12-
year-old son has the distinction of
catching the largest wildcat seen in
this part of the State. The boy caught
the cat in a steel trap and ended all
nine of its lives by a well directed

Does it ache especially after exer-
tion?
Is there a soreness in the kidney
region?
These symptoms indicate weak kid-
neys.
There is danger in delay.
Weak kidneys fast get weaker.
Give your trouble prompt attention.
Doan's Kidney Pills act quickly.
They strengthen weak kidneys.
Read this Ada testimony.
G. S. Dismukes, 17 Thirteenth St.,
W. Ada, Okla., says: "Last fall I was
suffering a great deal from a con-
stant soreness through kidneys and
across my hips. I had no doubt that
this misery was due to disordered
kidneys. A friend finally advised me
to try Doan's Kidney Pills and I
procured a box at G. M. Ramsey's
Drug Store and began their use. In
a few days my pains and aches had
disappeared and the contents of two
boxes of Doan's Kidney Pills re-
stored me to good health."

NORMAL BOYS LOSE BASKET BALL GAME

SORT O' A FRAME-UP PRACTICED
AT TECUMSEH.

Had a Pole Between the Goals and
When Ada Tried for a Goal
They'd Hit the Pole.

The East Central normal had an-
other blow landed against its basket
ball reputation last night when it
was defeated by the Indianola college
team at Tecumseh Score 17 to 7

It wasn't the girls' team—twas the
boys' team

The boys returned this morning
and told how the package was hand-
ed them From their story it seems
that the Tecumseh boys framed up
again 'em Several days ago they
went out in the woods and cut down
a tree They cut off the limbs and
skinned off the bark, making it a
pole Then they stood the pole up
half way between the goals and for
a week practiced throwing the ball
into the goals from all around the
pole, becoming so accustomed to the
pole's presence that they could slam
the ball into the socket as easily as
if the pole wasn't there In other
words, they didn't pay any attention
to it Pretty neat scheme eh?

Now the Ada boys hadn't practic-
ed with a pole in the game and every
time the pole happened to be be-
tween them and the socket the ball
would hit the pole

That's why they got beat
When the Tecumseh boys play here
the normal team is going to plant
two or three trees between goals—or
play the game in the woods proper
